1. Air Passengers - Numbers are preliminary estimates of air passenger arrivals and departures at the Edmonton International and Calgary International Airports. Since September 2015, total domestic passengers at Fort McMurray International Airport has been added, which comprise commercial and charter passengers.

Source: Edmonton International Airport, Calgary International Airport and Fort McMurray International Airport websites.

2. Highway Traffic - These are monthly totals. The monthly average daily traffic (average number of vehicles per day) is calculated by dividing the monthly total by the number of days in the month passing the counter locations and in the direction indicated for a particular month. Automatic Traffic Recorders count all vehicles by direction. Year to date is a cumulative total for all vehicles.

4. Employment Food and Accommodation Sector - The employment figure represents all persons who worked for pay, profit or unpaid work in the food services and accommodation sector, including businesses or other ventures owned or operated by a related family member(s) during the reference period of the survey. The year-to-date total is an average for the year.

6. Food Services and Drinking Places - The monthly survey of Food Services and Drinking Places provides estimates of the value of sales and the number of locations of restaurants, caterers, and drinking places by province and by industry at the North American Industry Classification System (NAICS) four-digit level. Includes total receipts from restaurants, caterers and taverns for chain and independent establishments. The target population is the three-digit NAICS level of 722, which includes: full-service restaurants, limited service eating places, special food places and drinking places. The year-to-date total is an average for the year.
